For over 16 years, RMC has assisted federal government contracting business to obtain, grow and manage their GSA Schedule contracts

Acquire – Navigate the GSA Schedule Process with Confidence

RMC specializes in guiding businesses through the entire GSA Schedule acquisition process, from initial eligibility assessment to final submission. With hundreds of successful proposals completed for clients of all sizes and industries, we help you understand requirements, prepare accurate documentation, and ensure your offer package meets all GSA compliance standards—paving the way for approval.

Optimize for Post-Award Success – Strategize Early for Long-Term Results

Even during the acquisition phase, RMC helps position your company for long-term success by integrating market research, pricing strategies, and agency targeting into your proposal. This proactive approach allows you to hit the ground running post-award, with a clear roadmap for federal market entry and sustainable growth.
